TRANSLATION NOTE

Page 6

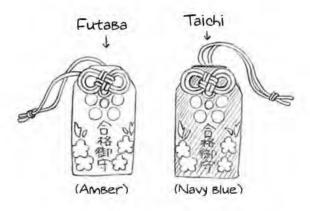

Originally, Taichi said "オクトパス" ("Oku to pasu") which means "put and pass". In other words, you set or place the charm and it will help you pass your test. Futaba misunderstood this as the phonetically identical "okutapasu" (ie; "octopus"). Note, the actual japanese word for octopus is "tako" ("たこ").

Incidentally, this play on words is the inspiration behind a popular charm for Japanese students that is meant to provide the luck one needs to pass their exams!
